left-right_matrix_e-i_raster_gt
Post-synaptic (dendrites)
Pre-synaptic (axons)
Synapse strength (inhibitory → excitatory)

Functional type
axon rostral left
ipsilateral motion integrator left
contralateral motion integrator left
motion onset left
slow motion integrator left
myelinated left
axon caudal left
axon rostral right
ipsilateral motion integrator right
contralateral motion integrator right
motion onset right
slow motion integrator right
myelinated right
axon caudal right
