

left-right_matrix_e-i_gt

Post-synaptic (dendrites)

Pre-synaptic (axons)

Functional type

- axon rostral left
- ipsilateral motion integrator left
- contralateral motion integrator left
- motion onset left
- slow motion integrator left
- myelinated left
- axon caudal left
- axon rostral right
- ipsilateral motion integrator right
- contralateral motion integrator right
- motion onset right
- slow motion integrator right
- myelinated right
- axon caudal right
