

left-right_matrix_e-i_gt

Post-synaptic (dendrites)

Pre-synaptic (axons)

- Functional type
- axon rostral left
 - ipsilateral motion integrator left
 - contralateral motion integrator left
 - motion onset left
 - slow motion integrator left
 - myelinated left
 - axon caudal left
 - axon rostral right
 - ipsilateral motion integrator right
 - contralateral motion integrator right
 - motion onset right
 - slow motion integrator right
 - myelinated right
 - axon caudal right
